

APPLICATION  
FOR ELECTRIC SERVICE  
"AVERAGE MONTHLY BILLING"

\_\_\_\_\_  
Date

Dear Customer:

The City of Frederick is pleased to offer the convenience of "average monthly billing". Average billing for electric service makes it possible for a customer to accumulate excess funds in their account in order to help pay for summer air conditioning cost. Frederick will use a "moving average". The average will always be figured on the past 12 months. This will give slightly different dollar amounts each month, but will still be much more stable than without average billing.

If you have any questions, please feel free to inquire. Thank you.
