

WEATHER DATA FOR OMPA MEMBER CITIES
December 2005

Listed below are the heating and cooling degree days for Oklahoma Mesonet sites that are at (or close to) OMPA cities. Heating degree days can be directly related to the energy used to heat buildings; cooling degree days can be directly related to the energy used to cool buildings. This information can be useful in explaining customers' electric bills that seem to be higher than average.

OMPA City	Heating Degree Days				Cooling Degree Days			
	Long-Term Average (Dec)	This Month Actual (Dec-05)	Last Month Actual (Nov-05)	This Month Last Year (Dec-04)	Long-Term Average (Dec)	This Month Actual (Dec-05)	Last Month Actual (Nov-05)	This Month Last Year (Dec-04)
